Castle Instructions

What you will need for assembly

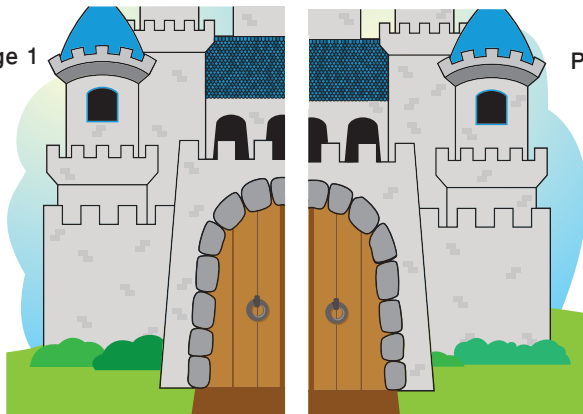

- Scissors
- Blu-Tac

Index

Page 3

Page 1

Page 2

1. Cut around the outside of the printed pages using scissors, there should be 3 pages in total.

2. Using blu-tac, assemble to wall, starting with the 2 bottom castle pieces (Page 1 and Page 2), some overlap of pages has been added.

3. With more blu-tac, stick the top of the castle lined up with the bottom pieces. Allow for some overlapping of the top page.

If you haven't downloaded your **Easy Set Up guide** and **bonus printables**, scan this QR code to access them now, or you can check your order confirmation email for the link.

I have to say goodbye now, as I am needed back at the North Pole for special elf duties.

I have had so much fun visiting you. I enjoyed how you would find me every day, the look on your faces was my favourite part

I made sure you are on the top of Santa's good list. Make sure you go to sleep early tonight, giving Santa enough time to stop by and leave a special gift.

It won't be long and I will be visiting you again, so make sure you stay on your best behaviour
Merry Christmas
see you next time.

Love,
Your special Elf
