

## Dog House Instructions

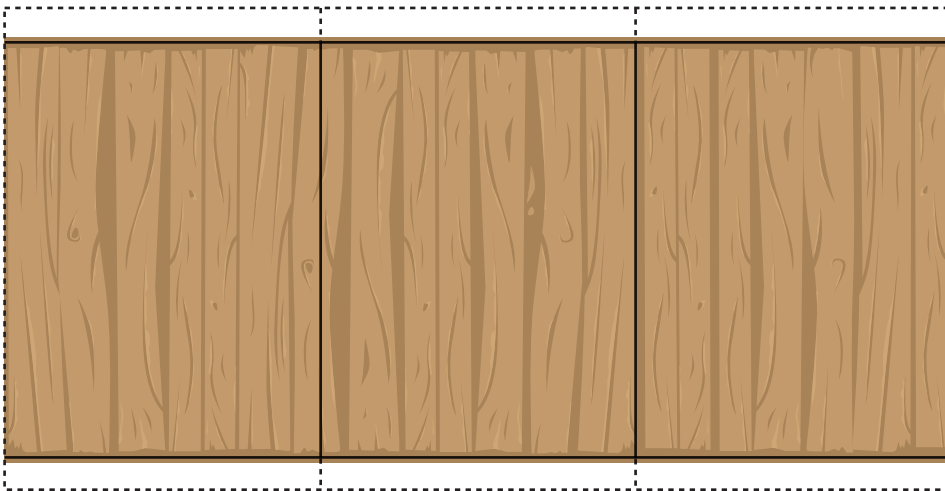

1. Cut out the 3 pieces for the dog house (front, back and side)
2. Fold along the dark lines marked on the side piece, then cut along the small dotted lines. (These flaps will be glued to the front and back of the dog house)
3. Use glue to attached the folded flaps to the dog house front.
4. Use glue on the flaps at the back to attach the back of the dog house

**NOTE:** For a simple 2D effect, print just the front piece and do not cut out the opening.
