

Instructions:

1. Cut out all the pieces along the outer edges of both sheets.
2. Cut along the line marked with arrows on the main piece. This will be the "saw" line.
3. Cut out the holes for the feet as marked.
4. Fold along the edges of each rectangle on the main piece to form sharp creases.
5. Glue the rectangles together along the tabs to form a long rectangular box (a prism shape).
6. Fold and glue the flaps on the head and feet pieces to prepare them for attachment.
7. Attach the head piece to the left side of the box. (Make sure the face with the lock is upright and facing you.)
8. Attach the feet piece to the right side of the box.
9. Place your elf inside the box through the middle opening.
10. Grab our saw prop and your magician outfit and now your elf is ready to perform the illusion!
